

THE ART OF ANTHOLOGY

STORIES OF YOU CELEBRATES ADMIRABLE COLLECTIONS

For the Poisoned Pen Press's 20th anniversary, PPP's Diane DiBiase commissioned short fiction from 35 of the authors with whom the Press has worked over the years (including SoYou contributors Ann Parker and Tina Whittle). Each piece appears with a preface about the way the author's connection with PPP arose. The finished anthology is not just a fun read but also

a celebration of an enduring genre, an iconic press, and a publisher's commitment to nurturing long-term relationships with its authors—something that's almost as rare, these days, as a gumshoe who wears gum shoes. —Suzanne Fox
